PARK CITY TO HAVE NEW \$20,000 HOTEL

Sufficient Money Raised to
Warrant Immediate Erec-
tion of Hostelry.

Special to The Tribune.

PARK CITY, March 28.—Park City will have a hotel. This fact was settled definitely last evening, when a meeting was held at the city hall for all those who had subscribed for stock in the new hotel, and after the plans had been talked over the following directors were elected: William D. Sutton, president; Chris Stevens, secretary; Charles Moore, William Dodge, W. D. Lewis and Henry Welsh.

The newly elected directors then held a meeting to elect officers for the new company and the men chosen were Chris Stevens, president; William Dodge, secretary; and William D. Sutton, treasurer. The names of the men who are to act on this committee will be made known later. The building committee was appointed and the men who will make up this committee are W. D. Sutton, Sherman Fargo and Paul W. Billings.

Chris Stevens, W. D. Sutton, Henry Welsh and Sherman Fargo, the men who have been out among the local business men soliciting funds and selling stock during the past week, were asked for a report of their work and reported that something like \$11,000 had already been subscribed, and this amount was enough to guarantee the erection of the hotel building it was decided to go right ahead with the plans and finish the work as soon as possible. It is the intention of the finance committee to bond the hotel for the balance, as they intend building a \$20,000 building, which will be thoroughly modern in every respect.

The site has not yet been decided upon. The only two now being considered are the Maple hall site and the old Park City hotel site.

FACE COVERED WITH PIMPLES

Suffered Three Years. Used Resinol.
Now Not a Pimple to Be Seen.

Philadelphia, Pa., Oct. 27, 1912. "I had been troubled for the past three years with pimples which completely covered my face and neck. The pimples would come out, fester up and cause me to pick at them, feeling very uncomfortable. I tried most all kinds of facial creams, but with no effect. I tried a sample of Resinol Soap and Ointment and noticed instant relief. I bought Resinol Soap and Resinol Ointment and began the treatment. After using two jars of Resinol Ointment and Resinol Soap, there was not a pimple to be seen, and now my face is as smooth as if there was never a pimple on it." (Signed) Albert Greenburg, 4167 Frankford ave.

For eighteen years Resinol has been a favorite doctor's prescription and household remedy for itching troubles, skin eruptions, dandruff, chapped faces and hands, sores, piles, etc. Stops itching instantly. Sold by all druggists. Resinol Soap, 25c; Ointment, 50c and \$1.00, but you can try them without cost—just write for samples to Dept. 2-T, Resinol Chemical Co., Baltimore, Md. (Advertisement.)

MAKES EXPERIMENT IN SPUD MARKETING

Rancher Discovers Consumer
Pays Big Price, While He
Gets Small One.

Special to The Tribune.

BOISE, March 28.—In order to determine just how badly he was being robbed and at the same time show the consumer how he was being held up, L. L. Young, a rancher residing near the town of Nampa in this state, hit upon and put into operation a unique scheme that brought astounding results from the potatoes he sold. He is now convinced that it is the man who toils the hardest to raise produce and the consumer, who is forced to pay exorbitant prices, that "pay the freight."

Young is an extensive potato raiser and has a reputation for growing some of the prize spuds of southwestern Idaho. After he had harvested his "murrphy" crop last fall, and while sacking the potatoes, he placed a note in the bottom of each sack asking the consumer to be kind enough to write him what price he paid for the spuds. The potatoes were later sold by Mr. Young, who received for them a net profit of 25 cents a sack. Some time later letters began to pour into Mr. Young from all parts of the United States. The consumers had found his notes and were replying. Several hundred replies which Young received stated that the consumers had paid prices ranging from \$1.50 to \$2.50 a sack for the spuds. That was a revelation to Young. He had expected that there would be a fairly reasonable profit to the middleman and to the commission man to whom he sold, but he had no idea that he was receiving but a comparatively small price for the produce he had raised by hard labor, while those who handled the same product after he had sold it so boasted the price as to make a fancy profit, while the consumer had no other course to follow but to meet the price set by the wholesaler or retailer. He is confident that had he sold direct to the consumer he would not only have received a higher price for his potatoes, but the consumer could have almost cut the cost in two, thereby making a great saving to himself and allowing the grower a wider margin.

Young's experiment has proved a genuine revelation to growers in Idaho.

POWER COMPANY SOLD.

Kuhn Interests Take Over Great Holdings of Idaho Consolidated.

Special to The Tribune.

POCATELLO, March 28.—At a meeting of the stockholders of the Idaho Consolidated Power company at Evanston, Wyo., yesterday the formal transfer of the Idaho Consolidated Power company's holdings to the Southern Idaho Water Power company, the Kuhn corporation, was authorized. Senator Brady, who owned the majority of the stock in the company, represented in the meeting by Superintendent and Manager M. E. Hughes and Secretary Gregory of the old company.

The deal was closed last fall for the transfer, the consideration being approximately \$2,000,000. This includes the transfer of the mammoth hydro-electric power plant at American Falls, the transmission lines to Pocatello and other towns, transforming station in this city and the lighting system and equipment in several cities of this section.

Since the deal last fall the new company has completed the construction of a 5,000-horsepower unit at American Falls and what will be eventually increased to a plant of five units or 80,000 horsepower.

Thousands of Women

Have Been Restored to Health By Lydia E. Pinkham's Vegetable Compound.

There is no doubt about this fact. Why? during the last 30 years we have published in the newspapers of this country volumes of letters from women who have been relieved of all their suffering by the timely aid of this grand old medicine. Letters like the following, true, genuine and honest expressions of gratitude coming from grateful hearts. Surely you can believe these women.

Mrs. L. S. BRENNER, Hudson, Mich., says:—

"Sometime ago I was taken with a terrible pain in my right side, such sharp pains just like a knife sticking me. I tried hot applications but that did no good. I went to our family doctor (we were living in Fayette, Ohio, at that time) and he said it was organic inflammation. I doctored with him a while but kept getting worse. The pain was so terrible I could hardly stand on my feet. I would have that sharp pain in my right side, and a dull heavy pain the whole length of my limb. I realized that something had to be done quickly, so I looked up all of your advertisements I could find, and saw several that described my case. I got a bottle of Lydia E. Pinkham's Vegetable Compound and it helped me from the first dose, and when I had taken two bottles my trouble was gone. Your medicine has done so much for me that I am willing you should publish this letter for the sake of other suffering women."—Mrs. L. S. BRENNER, Hudson, Michigan.

Mrs. L. E. BOWERS, Girard, Pa., says:—

"I take pleasure in informing you of what Lydia E. Pinkham's Vegetable Compound has done for me. I had a sick spell last February, and for some months after that I was not regular and had many bad feelings. I was tired all the time, had dull headaches, not much appetite, and also what the doctor called organic inflammation. Your Vegetable Compound has entirely cured me and I feel that too much cannot be said in its praise as I am now able to do my own work. You are perfectly welcome to use my testimonial for the benefit of others."—Mrs. L. E. BOWERS, R.F.D. No. 1, Girard, Pa.

Mrs. ELIZABETH GENTILCORE, Buffalo, N.Y., says:—

"I feel that I must write to you about your wonderful remedies. About ten years ago I was troubled with female weakness and was all run down. I was tired all the time and could hardly walk without feeling dizzy. I heard about Lydia E. Pinkham's Vegetable Compound, took it, and also used the Sensitive Wash. I got stronger, and have not had those dizzy spells since. I feel that I owe my health to you, and hope your remedies will help others as they have me. I tried most everything I heard of, and yours are the best medicines for women's ailments."—Mrs. ELIZABETH GENTILCORE, 26 Glor Street, Buffalo, New York.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

by the Indian war veterans and the Commercial club. The floral tributes were elaborate and the tabernacle was almost like a flower garden, so many roses were strewn about by friends and relatives.

The choir, under the direction of Prof. J. R. Boshard rendered several selections. Miss Ella Ritchie sang "Face to Face." The speakers were President Joseph B. Keeler and Judge William H. King. They told of the virtues and hardships which Mr. Twelves had gone through for the state and the church.

Both men also to pay costs of prosecution. Janks, through his attorneys, Guthrie of this city and Judge Rogers of Burley, will appeal the case.
